

ARMSTRONG'S

Adventures

SPRING 2017
VOLUME #36

PRAYER LETTER
ISSUE #1

Well, not so adventurous these days! Remember the old days when your "little black book" was filled with the phone numbers of dates and parties!! Well now it is laced with funerals and medical appointments. Since we left Florida in the middle of April we need to get all our meds checked out and our bodies tuned up so we can get our insurance again for the fall. Many of you know all about this concern so please pray with us that all will be well.

Retirement?? What is that? We have been so busy since our *retirement* on September 30th, 2016 that we have not had time to digest the concept yet. We started attending a new church in Florida as we were looking for a place where we could get more "plugged" in and so we are now attending the First Baptist Church of Frostproof.

We have been very well assimilated into the Sunday School and worship that they even gave us a Sunday School morning to present the GRN ministry! Lots of interest and great questions. Most of the attendees had never heard of GRN before so it was a great opportunity to share.

GRN had a presentation for us at the Annual General Meeting back on April 29th. We were able to give an overview of some of the highlights from our mission life of 36 years – 26 with GRN.

Encouragers – on May 4th, we enjoyed presenting many of our memories from our mission career to the Seniors at Bayfair Baptist Church. It was a joy to see so many who have known us since we started into missionary work back in 1982!

Bayfair Baptist Church - On May 7th, we had a part in the morning service where 9 people were baptised, to share about our sending out from Bayfair as career missionaries and the many adventures over the next 36 years! Then a time of prayer with the Elders to bless the new stage in our lives. It was an encouraging session.

Prayer Requests:

- Pray for us as we define our new role as retirees ministering with GRN Canada and GRN USA.
- Pray for Marg as she continues to have blood tests to monitor her warfarin levels.
- That our support will continue to come in as we are now retired – it is quickly diminishing!
- For both of us as we seek ministry opportunities here in Canada for the summer – Doug will be involved in VBS for the first time – PRAY FOR THAT ADVENTURE!

Praise for:

- ✓ A good medical report after my (Doug) annual checkup back in Canada and our Canadian Health System
- ✓ Safety on the roads in traveling back to Canada
- ✓ For many contacts that we meet and with whom we are able to share about Jesus and be an encouragement to them.

In the joy of serving our Lord,

Doug & Marg
